2019

Outing

Outing to the Wisconsin Automotive Museum in downtown Hartford January 24th at 2 pm.

Assisted Living • Respite Care Services

Facility News

Our hairdresser, Patsy Schaefer, arranged for the ladies of Wellspring Community Church to give our residents, families, and staff a veritable smorgasbord of homemade soups and desserts, topped off with a guitar performance sing-along.

Several residents took in a special matinee performance of Falls Patio Players *A Christmas Carol* in November. ▶

The annual Christmas party was a huge success with nearly 100 family members attending. We were excited to have a special visit from the North Pole!

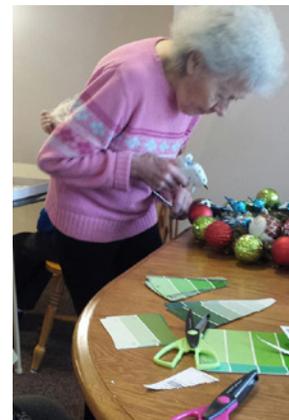

SHORT-TERM THERAPY SUCCESS

Harry has new knee braces from his Physical Therapist and he is zooming around here with his walker now.

Happy Birthday!

WELCOME – NEW RESIDENTS WHO JOINED US IN DECEMBER

Maggie B. is originally from Alabama and her Southern lilt adds some classiness to our day. She is active, bright, and a joy to our activities.

Bill W. comes to us from Thiensville. He is a Harley-Davidson enthusiast and continued to ride up until recently. He is seen often still sporting his leather riding vest and boots.

Edward B. is from Brookfield, WI. His love of animals had him opening his own veterinarian practice in Brookfield.

Did You Know? *We invest in our staff to better serve you*

Every spring and fall, our administrator and key management staff meet off-site for an educational conference which includes about 20 other sister facilities. Our management company, Carriage Healthcare (CHC), has been sponsoring these intercompany conferences since 1999. The meetings are an important resource that helps us to continue to provide quality senior care now and well into the future.

The purpose of the semi-annual conferences is two-fold. The first is to provide structured educational sessions that are approved for credit by the National Association Boards (NAB). We typically provide 11-12 hours of credited classes at each meeting which

include speakers who are experts in their fields. The second goal is to provide an opportunity to network with peers, compare notes, and draw upon the strengths of each facility while sharing our own successes. The cost for meetings is part of our annual budget. Although we're a non-profit facility, donated funds are never used for conferences.

Senior care and health care in general are experiencing rapid change. CHC and our parent non-profit company, WISH, place a high value on bringing staff together to share experiences, learn new information, and prepare for the future of senior care. We've learned that change is inevitable in our

Administrators and staff share ideas at a breakout group during our recent semi-annual educational seminar.

industry, so we educate our staff, plan for change, and implement programs that allow us to continue to serve seniors in our community.

To learn more about the mission of WISH and our facility, visit our website.

National Glaucoma Awareness Month

January is National Glaucoma Awareness Month, but what is glaucoma? Glaucoma is an eye disease that causes people to gradually lose their sight. There is no cure and vision loss is permanent. Over 3 million people in the United States currently suffer from glaucoma – it is a leading cause of vision loss in the U.S. and seniors. Seniors are especially at risk for glaucoma, along with anyone who has a family history of the disease. Early detection is important for slowing the progress of glaucoma, along with medication or surgery.

For more information about glaucoma awareness, please visit glaucoma.org.

MARTIN LUTHER KING JR. DAY

Please join us in celebrating Dr. Martin Luther King Jr. Day on Monday, January 21, 2019! This federal holiday celebrates the legacy and achievements of Dr. King, which

include his role in nonviolent activism and protesting racial discrimination throughout the United States.

Wisconsin Center for Assisted Living

Home Health Available to Residents

We've teamed up with Transitions At Home for convenient, quality in-home medical care at Wellington Place. RNs, therapists and health aides provide quality care after surgery, illness or injury.

Transitions can provide care in your home too.
Call for a free, in-home consultation.

262.723.2700 TransitionsHealth.org

Serving southern & central WI. Transitions At Home is a non-profit WISH agency.
